INSTITUTE OF PROFESSIONAL DEVELOPMENT  
**OPEN UNIVERSITY  
MALAYSIA**

*Developing Human Capital & People Management*

## About OPEN UNIVERSITY MALAYSIA

OUM is owned by the first 11 Public Universities in Malaysia. This has enabled the University to tap on not only the finest and best academic experts in Malaysia but the varied facilities such as laboratories and classrooms throughout the country.

Academic programmes are designed to facilitate students acquire the extra skills in the market place, to give them the added value in a growing competitive world and to meet challenges both domestically and in the international arena. Its strengths span a wide range of disciplines, from IT and Engineering to the Arts and Social Sciences, Business and Science. Quality and flexibility are the key words for all our programmes and we focus on the application of knowledge and skills.

## About IPD

Recognizing the need to stay competitive in today's knowledge-based global economy the Institute of Professional Development (IPD) was officially founded in November, 2000 as one of the centers of excellence within the Open University Malaysia. The Institute of Professional Development (IPD) has begun to establish itself as a leading school for adult learning programmes within and outside OU Malaysia.

IPD sees itself to be the leading life – long learning programmes provider for working adults in the region. Presently IPD have been working with a diverse network of leading local and international experts to provide the cutting edge and innovative professional and management development programmes for individuals and organizations that require solutions in people and organizational behaviour.

## *Executive Diploma in* **Plantation Management & AgriBusiness**

# Introduction

Malaysia's contribution in terms of knowledge and skills in the plantation industry is globally recognized as one of the finest systems in the world. Over the last 5 decades Malaysia has been the leading producer of many agricultural products and these have been cultivated as plantations crops.

The success of the plantation management styles has been showcased for participants, far and near, to learn from and use as models in their countries.

Based on the concepts and best practices in this area, the Institute has developed a comprehensive package that encompasses both academic and practical components in plantation management. The course also provides the framework for agro related self employment. This course is delivered by experienced practitioners and skills experts in their areas of specialization.

# Objective
